

# FIFA 112!

Play Game

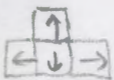

Help

Controls

## Instructions

1. You have control of red team players.
2. Your objective is to score a goal by passing the ball between your own players without losing possession.
3. If you lose possession you lose that round.
4. If you complete all levels, you win!

## Controls

: move the players.

space

: pass the ball

: shoot the ball

R

: restart the level

This mainscreen of the game will appear when

launched. The play game button will start the

game. The help button will detail how the

game works. The controls will contain details

about which key controls which aspect of the game

The instructions page will contain

basic instructions on what the user

has to do in order to win the

game and what happens should the

user lose that particular level

of the game or the game

itself.

The controls page will have pictures

of keyboard / mouse controls that

explain how they translate to

the user's movement of <sup>the user's</sup> your players on

the field.
